Former Cadets See "Boys" Go Through Familiar

[Special to The Times-Dispatch,]
LEXINGTON, VA., June 19.—The
most interesting feature of the Virginia Military Institute commencement
to-day was battalion drill, or as is
commonly known, the "sham battle."
Colonel Milis, the commandant, and
the four cadet captains, Nichoils, Riley,
Tate and Breckner, directed the participation of the different corps in the
field movement, which was very realjetic. The visiting alumni reviewed
the corps of cadets this afternoon, and
the alumni smoker was held to-night.
To-morrow will mark the closing exercises with the conferring of degrees.
The address before the graduating
class will be made by Hon, H. D Flood,
member of Congress from this district.

The final military german was danced last night in the Institute gymnasium, beginning at 10 o'clock. A Lazy Liver

A Luzy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeabled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble"; by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanes the system from polyneous actives the ing glands, cleanses the system from pol-sonous accumulations, and so relieves the liver of the burdens imposed upon it by
